8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer: As outlined in the June 2020 Quarterly Activities Report, due to the impacts of COVID-19, Orion implemented significant cost savings and asset preservation initiatives across its business which has resulted in lower outgoings in recent Quarters. Orion anticipates that lower total relevant outgoings will continue for the upcoming two Quarters, however outgoings may increase should further fund raising initiatives be completed.	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer: As demonstrated over recent years, Orion has been successful in funding its operations through a combination of equity and debt instruments, primarily with the support of its major shareholders. Consistent with this approach, the Directors consider that there are reasonable grounds to believe that Orion will be able to fund its ongoing operations using similar funding alternatives.	
8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
Answer: On the basis of previously having been successful in undertaking funding initiatives as set out in Item 8.8.2, Orion expects to continue its operations and meet its business objectives as outlined in its December 2020 Quarterly Activities Report.	
<i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i>
