Non-cash financing and investing activities

- 2.1 Details of financing and investing transactions which have had a material effect on consolidated assets and liabilities but did not involve cash flows

No non cash financing and investing activities were made during the Quarter.

- 2.2 Details of outlays made by other entities to establish or increase their share in projects in which the reporting entity has an interest

For further information, refer to the Company's September 2015 Quarterly Report.

+ See chapter 19 for defined terms.

Appendix 5B
Mining exploration entity and oil and gas exploration entity quarterly report

Financing facilities available

Add notes as necessary for an understanding of the position.

	Amount available \$A'000	Amount used \$A'000
3.1 Loan facilities*	1,000	390
3.2 Credit standby arrangements	---	---

*As announced on 30 July 2015, the Company has finalised loan agreements for a total of \$1,000,000.

A \$500,000 loan facility has been agreed with Silja Investment Limited (**Silja**), the Company's largest shareholder, and a \$500,000 loan facility has been agreed with Tarney Holdings Pty Ltd (**Tarney**), a company associated with Orion's Chairman, Mr Denis Waddell (together the **Facilities**).

As at 30 September 2015, the Company had drawn \$250,000 against the Tarney Facility and anticipates that it will draw down the remaining \$250,000 available under the Tarney Facility prior to the date of the Annual General Meeting. The Silja Facility has a loan balance of \$140,000 as a result of an agreement between Orion and Silja to transfer the amount that the Company drew down under the Silja loan facility announced to the ASX on 26 August 2014 and which expired on 30 June 2015, to the Silja Facility.

The Company has elected to convert the total amount drawn down under the Facilities to date to ordinary fully paid shares (**Shares**) (subject to Approvals). The Company is therefore seeking shareholder approval for the issue Shares at an issue price of 1.5 cents per Share in order to convert the balance of the entire Facilities to Shares.

For further information, refer to the Company's September 2015 Quarterly Report.

+ See chapter 19 for defined terms.

Appendix 5B
Mining exploration entity and oil and gas exploration entity quarterly report

Estimated cash outflows for next quarter

Notes

- 1 The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity wanting to disclose additional information is encouraged to do so, in a note or notes attached to this report.
- 2 The "Nature of interest" (items 6.1 and 6.2) includes options in respect of interests in mining tenements and petroleum tenements acquired, exercised or lapsed during the reporting period. If the entity is involved in a joint venture agreement and there are conditions precedent which will change its percentage interest in a mining tenement or petroleum tenement, it should disclose the change of percentage interest and conditions precedent in the list required for items 6.1 and 6.2.
- 3 **Issued and quoted securities** The issue price and amount paid up is not required in items 7.1 and 7.3 for fully paid securities.
- 4 The definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report.
- 5 **Accounting Standards** ASX will accept, for example, the use of International Financial Reporting Standards for foreign entities. If the standards used do not address a topic, the Australian standard on that topic (if any) must be complied with.
