Orion Minerals appoints Avishkar Nagaser as Executive: Corporate Communications and Investor Relations

Johannesburg (4 November 2024) - Orion Minerals Limited (ASX/JSE: ORN) (Orion or Company) is pleased to announce the appointment of Avishkar Nagaser as Executive: Corporate Communications and Investor Relations.

Avishkar was previously Executive Vice President: Investor Relations and Corporate Affairs at global gold producer, Gold Fields, from 2015 to 2023. Prior to that, he was a mining research analyst at Bank of America Merrill Lynch and Macquarie First South Securities.

As Orion progresses toward the development of its key projects, the company looks to strengthen its senior management team and Avishkar's appointment is part of that process. The company also recently announced the appointment of Nick Fouche as Project Director for the Prieska Copper Zinc Mine development project.

Orion's Managing Director and CEO, Errol Smart, commented:

"I'm excited to have Avishkar join the Orion team and strongly believe that his extensive international investor experience will help Orion in the next phase of its development. We are gearing up for a very important phase of our growth and expanding our team of suitably experienced professionals is core to our development strategy."

Avishkar Nagaser
Executive: Corporate Communications and Investor Relations at Orion Minerals
